The Statue of Liberty, arguably one of New York City's most iconic symbols, is a popular tourist attraction for first-time visitors to the city. This 150-foot monument was gifted to the United States from France in order to celebrate 100 years of America's independence. The statue is located on Liberty Island, and it is accessible by taking a ferry from either Battery Park in New York City or Liberty State Park in Jersey City.

When Claire visited the Statue of Liberty for the first time, she instantly admired it as a symbol of freedom. Claire made sure to make reservations before her visit because only 240 people are permitted to climb the staircase to the top of the statue every day. After climbing almost 400 stairs, Claire received spectacular views of the city from the statue's crown.

Valentine's Day (or Saint Valentine's Day) is a holiday that, in the United States, takes place on February 14, and technically signifies the accomplishments of St. Valentine, a third-century Roman saint.

With that said, most Americans, instead of honoring St. Valentine through religious ceremony, enjoy the holiday by engaging in "romantic" behavior with their significant other or someone who they wish to be their significant other; gifts, special dinners, and other acknowledgements of affection comprise most individuals' Valentine's Day celebrations.

Chocolates and flowers are commonly given as gifts during Valentine's Day, as are accompanying greeting cards (greeting card companies release new Valentine's Day designs annually). Red and pink are generally understood to be "the colors" of Valentine's Day, and many individuals, instead of celebrating romantically, spend the holiday with their friends and/or family members.
